

MINNESOTA

Shorthorn Show & Sale

MARCH 31, 1964

APPLETON FAIRGROUNDS

APPLETON, MINN.

The bull on our cover is John Shuman's Ringwell Lodestar 2nd. He typifies the kind of bull that is winning the West for Short-horns . . . big, smooth, heavy quartered, and sound on his feet and legs. Bulls like this can work the range and will give you more uniform calf crops with bred-in quality and gaining ability. This sale is filled with bulls ideal for the farmer and rancher.

Another set of Shorthorn improvers. Once you try Shorthorn bulls you will never be satisfied with anything else.

MINNESOTA SHORTHORN

Show and Sale

TUESDAY, MARCH 31, 1964

HEATED FAIRGROUNDS PAVILION
APPLETON, MINNESOTA

SHOW - 9:00 a.m. SALE - 12:30 p.m.

39 BULLS — 15 FEMALES

No Better Place To Buy Than In Minnesota

(Please bring this catalog with you!)

GENERAL INFORMATION

TIME — Tuesday, March 31, 1964. Sale will start at 12:30 sharp.

LOCATION — The sale will be held in the modern, heated sale pavilion on the fairgrounds at Appleton, Minn. Appleton is located on U. S. Highway No. 59 and has excellent paved roads in all directions.

TERMS — The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE — All cattle sold in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Association.

LIABILITY — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk, and sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability, legal or otherwise, for the buying contract or for any accident. Every effort will be provided for the comfort and safety of those attending this sale, but sellers or Minnesota Association officers and directors cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Statements from the block will take precedence over information in the catalog.

HEALTH — All cattle are absolutely healthy in every respect and will have passed a tuberculosis and Bang's disease test within 30 days of sale. Health certificates will be furnished.

CERTIFICATE OF REGISTRY — A certificate of registry will be furnished with each registered lot and the certificate will be transferred to the buyer without cost to him. Application for registry, properly signed will be furnished for each unborn calf sold in dam.

AUCTIONEER — Dick Kane, Wisner, Nebraska.

FIELDMEN — Clarence Brown, Appleton; Al Hamann, Rock Rapids, Iowa; Ted Aegerter, American Shorthorn Ass'n, Omaha.

SALE MANAGER — Bill Stunkel, The Shorthorn World, 1228 N. Nye Ave, Fremont, Nebraska.

VETERINARIAN — Dr. Will Schleifer, Appleton.

LUNCH — The Appleton FFA chapter will have a lunch stand in the cattle barn.

FOOTNOTES — All footnotes have been written by consignors or prepared from information presented by consignors.

LATE MAIL BIDS — Address, phone or wire any of the fieldmen, the auctioneer, or sale manager, care of Appleton Motel, Appleton, Minn.

Harry and Arden Kraft pose with one of their champion bulls at this sale. He is a son of Deep Cove Scottish Monarch 3rd, represented in this sale with a son, a daughter, and two grandsons.

Champion _____ Reserve Champion _____

FEMALES

CLASS VII — Females calved before 1961

Lots 40, 41 and 42

CLASS VIII — Females calved during 1961

Lots 43, 44, 45 and 46

CLASS IX — Females calved between January 1, 1962 and June 30, 1962

Lots 47, 48, 49 and 50

CLASS X — Females calved July 1, 1962 and December 31, 1962

Lots 51, 52 and 53

CLASS XI — Females calved during 1963

Lot 54

Champion _____ Reserve Champion _____

GROUPS

CLASS XII — Best Pair, bull and female, bred and owned by exhibitor.

A beautiful Traveling Silver Platter is awarded each year by the APPLETON CHAMBER OF COMMERCE to the winner of the group class. This trophy becomes the permanent property of the first breeder who wins this class twice.

The Appleton Business Men's Association will provide prizes to the champion and reserve champion bull and female.

Ribbons will be awarded the class winners.

Nine-year-old Karen Bjerstedt brushes up a playful Shorthorn heifer. One of the great advantages of owning Shorthorns is their superior docility which makes them ideal for club projects and as the breed for farmers with families interested in beef cattle. Shorthorns will give you more pleasure and greater cash returns.

SCHEDULE OF EVENTS

MONDAY, MARCH 30

- 6:30 p.m. — Annual Minnesota Shorthorn Association banquet. To be held at the armory. Dinner served by the V.F.W. Auxiliary.
- 8:00 p.m. — Annual meeting and election of Minnesota Shorthorn Association officers and directors.
- 9:00 p.m. — Social hour.

TUESDAY, MARCH 31

- 9:00 a.m. — Show of sale cattle.
- 12:30 p.m. — Minnesota Shorthorn Association sale.

**For Room Reservations . . . contact Ralph Schmidt, Secretary,
Appleton Business Men's Association — Phone Appleton 369**

IMPORTANT DATES TO MARK

MAX DIAMOND 4th — A typy, well-built bull. His dam produced last year's grand champion female at this sale.

WHY USE SHORTHORN BULLS ?

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

THE BOX SCORE

| Sire | No. Calves | Av. Weaning Weight | Total Pounds |
|-----------------|------------|--------------------|--------------|
| Shorthorn | 47 | 330 lbs. | 15,510 |
| Hereford | 34 | 306 lbs. | 10,404 |
| Angus | 24 | 313 lbs. | 7,512 |

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

Chuck Shada, Anamosa, Iowa, holds his Shorthorn steer that was the interbreed grand champion of the junior show at the 1963 International. Like Lot 10, this winner's great grandsire was King's Ransom.

LOT 10 — BULL

Maurice Mitchell

DOUBLE M'S KING AUTOCRAT 3154-629

IN CASE YOU DIDN'T KNOW!

Of course, anyone who has a herd of Shorthorn cows, or who has used Shorthorn bulls, knows of their superior profit making ability. In case you have not had experience with Shorthorns, we urge you to get better acquainted. Here are a few facts . . .

- Shorthorn bulls sired calves with higher gains, heavier weights and better carcasses when used on blacks and whitefaces than did the black-whiteface cross in a recent Louisiana State University test.
- Shorthorns outgrossed all beef breeds in a summary of 31 feeder calf sales held in Virginia . . . \$5.85 more than blacks and \$7.00 more than whitefaces sold in these sales.
- Shorthorns have topped the Kentucky Performance Tests for the fifth

straight year. They led in average daily gain, adjusted average daily gain, type score, and index value.

- A study by the Quebec Department of Agriculture proved that Shorthorns mature earlier and produce a higher carcass grade than blacks and whitefaces.

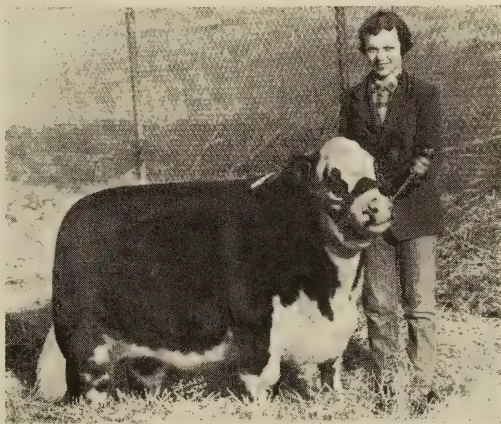

For more information about Shorthorns, write . . .

THE AMERICAN SHORTHORN ASSOCIATION
Livestock Exchange Bldg. — Omaha 7, Nebraska

This Shorthorn-Angus crossbred typifies the quality of this cross. This steer was interbreed grand champion at the 1960 Ohio State Fair. If you want more size and better bone in your black herd, use Shorthorn bulls.

Shorthorn bulls also work unusually well on white-face cows, giving the resulting offspring better growth, increased milking ability in the heifers, and resistance to cancer eye. This steer was the interbreed champion at the 1958 San Antonio show.

Louada Consort by Calrossie Armada, Consort has produced many champions in the national renowned Bill Anderson herd, West Liberty, Iowa. Lots 23, 29, 50, 51 and 52 are by one of his good sons.

C. A. Mallett Cattle Co., Miles City, Mont., writes: "Our cow herd contains 600 Angus and crossbred cows. Our entire sire battery is now Shorthorn bulls. We purchased Shorthorn bulls to get a better calving percentage, a heavier calf, and a better feeding animal. Shorthorn crossbreds wean about ten per cent heavier than straightbreds of other breeds. I think the Shorthorn cross will eliminate a lot of the cancer eye and womb troubles of the Hereford."

**MAPLELAWN
SWEEPSTAKES
Lot 24**

This bull was grand champion at the Minnesota State Show, Austin, and was reserve junior champion at Minnesota and South Dakota state fairs. He was undefeated in class.

Bob Rutledge, Donahue & Rutledge Ranch, Cheyenne, Wyo., says . . .
 "We started with whitefaces . . . but snowburned udders reduced our weaning weights. We then bought black bulls but ran into shy breeding problems after we had gone completely to Angus. This resulted in a short uneven calf crop and a long drawn out calving period. We then changed to Shorthorn bulls. The advantage has been 50 to 75 lbs. increased weaning weight and one to two cents per pound premium. We have 70 per cent of our calves in the first three weeks of calving."

WHY PAY MORE AND GET LESS ?

In these days of low profit margins a farmer and rancher has to watch his costs closely. So, why pay more for bulls of other breeds when a Shorthorn can do so much more to give you extra calf pounds? Last year, bulls in this sale sold from \$250 to \$900 . . . prices to suit any man's pocketbook. But what's even better from your — the buyer's standpoint — is that you'll get more quality for the price when you buy Shorthorn bulls.

PANEL RUMPLESTILTSKIN — Represented in this sale with a good son and daughter. We see him at left in his working clothes. Wouldn't you like to have heads like his on your calves?

Tom Hawkins, Hawkins Cattle Co., Ft. Klamath, Ore, testifies . . . "In 1950 we were using only whiteface bulls. We gradually changed to all Shorthorn bulls and by 1960 we had increased our weaning weights by nearly 100 lbs. per calf. Our average calf weighed 680. We always get more for our calves than do our neighbors with another breed."

DOUBLE M'S GILLY — A well bred female that is calfhood vaccinated for Bangs and should have a calf by sale date by Marmac Polaris, first-prize bull at the 1961 International.

**Start your son or daughter in the Shorthorn business with
one of the good females in this high quality offering!**

GO THE SHORTHORN ROUTE!

If you have studied the sale averages this spring, you have probably noticed the strong demand for Shorthorn bulls. **SHORTHORNS ARE THE BREED ON THE MOVE!** Ranchers and farmers are finding, after trials with other breeds, that Shorthorn bulls add the most to their cow-calf incomes. That's why the demand has been so good. Why don't you get on the Shorthorn route to bigger beef returns?
